

## IB Booklist for the Class of 2025

Dear Class of 2025 Students and Parents,

I hope everyone is well and looking forward to the new school year.

Below you will find a list of books & resources needed for the IB Diploma Programme. Please remember the following:

1. Purchase the books anywhere you like. Most books can be purchased used on a variety of websites. In some cases we also have a few remaining copies- of Computer Science, Math and a few others that we will sell for 10 to 15 euros.
2. You can switch classes during the first month. If you are unsure about a class, you can hold off purchasing the books. (However, if you are absolutely certain about a class, then please purchase the books).
3. Some books are purchased by the school (this is usually specified somewhere on the listing). This is only usually done with online books (InThinking) or books where we can get a discount for purchasing in bulk. With regard to these books, please either wire transfer the money to the IBAN below OR bring cash to school. Please note that Online Books, e.g., InThinking will be for a 2-Year subscription (you only need to pay 1x during the two year programme).
4. This year we would like to continue to have the ManageBac Passport for all students. All students will receive: Oxford Study Courses (OSC) Revision guides for most subjects (online supplementary textbooks), plus past papers, markschemes (answers), flashcards and other media support. There are also additional resources and benefits.
